Sergeant (Ret.)*

- 2004 Retired USAF Chief Master Sergeant
- 2007 Vice President of North America Defense Security & Systems Solutions, Inc.
- 2015 Chief Operations Officer of Metova CyberCENTS

Pioneer in the concept of cyber simulators for the USAF's Cyber Operations Crew Force immersive training and exercising. Chief Harwell holds a patent for her work on simulated network environments.

"By using the range, we segregate play from the operational environment, reducing the risk of spillage. The use of the Virtual Private Network does not allow any of the aggressive actions to bleed over into normal day-to-day ops," said Chief Master Sgt. Stephanie D. Harwell, AFCA network strategies and tactics superintendent.
